

Name

Bournemouth & Poole Anti Cuts Coalition (BPACC)

c/o Tolpuddle House, 238 Holdenhurst Road, Bournemouth, BH8 8EG

Aims and objectives

- Uniting the community to oppose the cuts and privatisation of public services which will destroy the minimum welfare safety net, the ethos of the "Social Wage" and the welfare state itself
- Organising and co-ordinating information, meetings, community activism, demonstrations, marches, lobbying and rallies
- Fighting rising unemployment and the casualisation of jobs across the economy in the private, voluntary and public sectors
- Opposing all proposals to "solve" the crisis through racism, scapegoats and other forms of discrimination
- Reminding voters the majority of us in the 2010 General Election did not vote for these cuts or the dismantling of the Welfare State
- Offering an alternative to the proposed cuts and privatisations, through improved universal public services that are available to all and properly funded through general taxation by all, according to their means

Activities

We will promote these aims through:

Producing campaign materials

Protests, marches and demonstrations

Using the local media

Public meetings and events
